

## **Rabbinic Salaries and a New Contract Year**

Dear Colleagues:

Since many rabbinic salaries are re-set at contract years starting 7/1, 8/1, or 9/1 we want to remind you to review, check and review again to be sure that your paycheck reflects the salary #s as you understand them as well as any deductions, adjustments, taxes, changes in housing allowances, etc.

Basic message: make sure both you & your employer are in agreement and working with the same set of correct numbers.

Kol Tuv,
