RESOLUTION**

**ENCOURAGING SUPPORT FOR THE RECONSTRUCTIONIST BY THE FEDERATION  
OF RECONSTRUCTIONIST CONGREGATIONS AND HAVUROT**

1992

We as a movement are, like other Jewish organizations, facing difficult financial conditions.

We, the members of the 1992 RRA Convention assembled, note with understanding but dismay the decision of the FRCH Board to reduce the number of issues of the Reconstructionist magazine.

This journal, under the leadership of our colleagues Ira Eisenstein, Jacob Staub, and now Joy Levitt, has been an influential voice and an important forum for discussion, dissent, and creativity.

At this critical moment in our movement's history, we have precious few instruments with which to reach out beyond our own borders.

Therefore we respectfully call on the FRCH Board to reconsider its decision to reduce the number of issues of the Reconstructionist magazine, and to seek alternative ways of ensuring its continued regular publication. We affirm that the Reconstructionist magazine is one of the most potent forces for the expansion of our movement.
