

**Reconstructionist Rabbinical Association  
RESOLUTION**

**WOMEN'S RIGHTS AT THE KOTEL**

1989

Be it resolved, that the members of the Reconstructionist Rabbinical Association express our outrage that women who wish to pray at the Western Wall wearing tallitot and reading from the Sefer Torah are being prevented from doing so by physical violence on the part of some members of the Israeli public, and by ineffective protection from the police; and

Be it further resolved, that we strongly urge that the Israeli government clearly and vigorously affirm the right of women to pray at the Western Wall in ways equivalent to those available to men, and direct the police to protect this right as firmly as necessary.
